Tree LIGHTS

By Robin J. Flanagan

No matter how old we are, nothing is more dazzling than seeing the Christmas-tree lights every year. Here's a tree that's just as bright! For that personal touch, decorate it with a collection of quilt pins.

MATERIALS

- Scraps of red solid
- Scraps of green prints
- 2 1/2" square brown for tree trunk
- 1/2 yard background fabric
- 1/2 yard border fabric
- Backing 28" x 31"
- Batting 28" x 31"
- All-purpose and quilting threads

INSTRUCTIONS

1. Prepare templates using pattern pieces given. Cut as directed on each piece.

2. Cut background as follows: two rectangles 5 1/2" x 8"; two squares 5 1/2" x 5 1/2"; two rectangles 3" x 5 1/2"; and two strips 2 1/2" x 12". Cut one brown square 2 1/2" x 2 1/2" for tree trunk.

3. To make tree units, sew A to B and add C then D to make a triangle. Repeat to make 20 pieced triangles.

4. Referring to Figure 1, arrange units in rows and join; add previously cut background pieces and E to complete inner pieced section. Press.

5. Cut two border strips 3" x 25 1/2" and two strips 3" x 27 1/2". Sew shorter strips to top and bottom and longer strips to sides. Press.

6. Layer backing, batting and pieced top with batting on the bottom, backing right side up and top right side down. Pin securely and stitch all around leaving a 12" opening to turn.

7. Trim excess batting and backing, clip corners, remove pins and turn right side out. Turn seams of opening inside and slipstitch closed.

8. Quilt as desired accenting tree shape and pieces. Personalize with buttons, ribbon bows or other decorative items as ornaments.

9. Prepare a sleeve for back to hang. ■

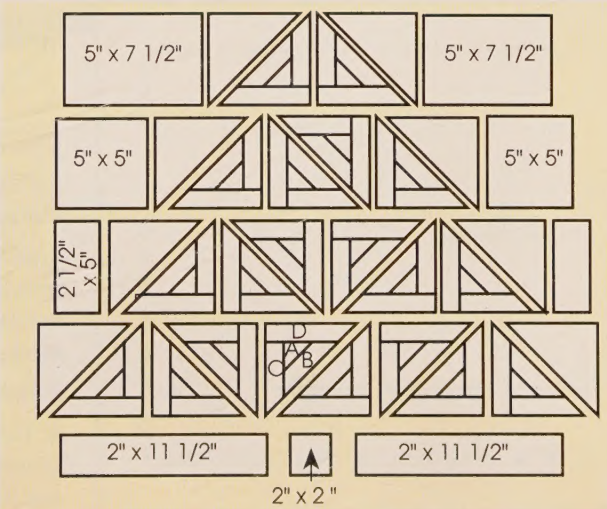

Figure 1
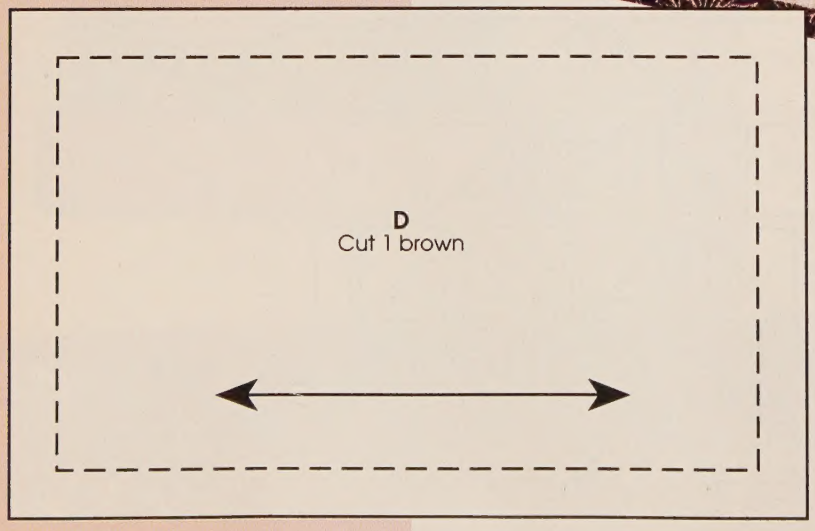
Arrange the pieced blocks and cut background units with E; sew together in rows as shown.



INSTRUCTIONS

1. Prepare templates using pattern pieces given. Cut as directed on each piece for one block.

2. Sew all light and dark B triangles together. Start sewing into the top three rows following the piecing diagram and Figure 1, inserting A squares where necessary.

3. Referring to Figure 1, complete the block.

4. The block shown was batted, backed and quilted and then finished as a small wall hanging or mat for a table center. ■

Tropical SUNSET

By Vou Best

The 1994 Miss America Pageant was held on South Padre Island in Texas. Its shores are some of the most popular spring-break beaches in the nation. Our neighbors to the south, in Mexico, spend their national holidays on this beach. While most of the United States is covered in snow, South Padre Island days are 70 to 80 degrees. It's a great place to watch the sun set through the fronds of its native tree, the palm.

MATERIALS

- 1/3 yard blue for A, B and C
- 1/4 yard blue for D
- 1 fat quarter sky/border fabric
- 3/8 yard sand/border fabric
- 12" x 12" piece for ground
- 1/8 yard tree trunk fabric
- 1 fat quarter leaf fabric
- Backing 28" x 34"
- Batting 28" x 34"

INSTRUCTIONS

1. Prepare templates using pattern pieces given (pages 27–31). Cut as directed on each piece for one block.

2. Sew four A squares together referring to Figure 1 for color placement. Add B triangles to each side of the pieced A section. Add C and then D triangles to complete the square. Square up to 6 1/2" x 6 1/2".

3. Repeat for 12 *Monkey Wrench* blocks changing colors as necessary referring to Figure 1.

4. Arrange the pieced blocks in four rows of three blocks each, again referring to Figure 1 for placement. Sew in rows; join rows. Press.

5. Cut two strips sky fabric 3 1/2" x 24 1/2". Sew one piece to left side first. Sew the second piece to the top. Trim off excess fabric.

6. Cut two strips sand fabric 6 1/2" by fabric width. Sew one strip to the bottom. Trim off excess. Sew the other strip to the right side. Trim off excess.

7. Sew an E triangle to the upper right-hand corner and trim away excess fabric from beneath. Press. ***Note:*** *The border strips will extend under the triangle. Trim this excess away after stitching E to the corner.*

If the balmy breezes of the beach are calling you, make this wall hanging for those times when going to the beach is out of the question.

8. Cut the appliqué shapes from your chosen fabrics using pattern pieces given. Add seam allowance when cutting for hand appliqué.

9. Begin appliqué with the ground piece under the tree. Then add the tree trunk

Pet Stockings & Ornaments

by Angie Wilhite

Remember your furry friends this Christmas with their own stocking and ornament!

Finished size: stocking, 15" long; ornament, 3½" long

PATTERNS ON PAGES 46, 47, 50 & 51

MATERIALS

Cat Stocking

- ☐ Felt: red, 15"x22"; green, 12" square.
- ☐ Ivory/white purchased yo yos: 1" diameter, six; 1½" diameter, one; 2" diameter, four.
- ☐ Ivory/white purchased prairie points, 2½" wide (measured at base), five.
- ☐ Red satin ribbon, ⅛" wide, 5 inches.
- ☐ Embroidery floss: black, off-white, red.
- ☐ Wiggle eyes, 5mm, eight.
- ☐ Red pompoms, 5mm, four.
- ☐ Iron-on adhesive, ¼ yard.
- ☐ Leather cord, 2mm, 9 inches.
- ☐ White cloth-covered wire, 4 inches.

Dog Stocking

- ☐ Felt: green, 15"x22"; red, 12" square; pink, scrap.
- ☐ Tan/off-white purchased yo yos: 1½" diameter, three; 2" diameter, one.
- ☐ Red satin ribbon, ⅛" wide, 5 inches.

on head; glue snout to head just below center.

Basecoat pig with peach. For insides of ears, mix a dab of peach with white to make cream; paint insides of ears in the same way as the bunny and kitty.

Mix equal parts of red with peach to make dk. pink. Float dk. pink onto pig as follows: around top and sides of head; around outside of body; along outside and inside edges of each ear; around top of tail and snout; and across top of each leg where legs meet body. For tail, use dk. pink to paint floral wire. With red, paint mouth at base of snout; let dry.

To finish pig, glue wiggle eyes above snout. For nostrils, glue seed beads side by side to end of snout. Curl tail wire around handle of paintbrush to coil; slide wire off handle. Wrap one end of wire to back of body below tail; glue to secure.

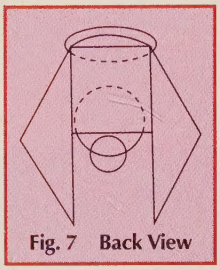

Fig. 7 Back View

Dog

(See Fig. 7.) For ears, glue long side of one triangle to each side of square head, making sure ends of triangles are even with top edge of head; let dry. Turn head right side up. Glue large circle muzzle to bottom half of head; glue small circle nose to top of muzzle so that top edge of nose is even with top edge of muzzle. For forehead, glue one oval horizontally across top of head, 1/16" from nose. Glue second oval on top of first, leaving 1/8" of bottom edge of first oval showing. Let dry. Turn dog over and glue small circle tongue to center bottom of muzzle.

Basecoat the head, muzzle, ears, and forehead with tan. Basecoat nose with black. For tongue, mix equal parts of red with white to make med. pink; paint tongue with med. pink.

For spots, thin burnt umber with tan to make med. brown. Using photo as a guide, paint two spots on each ear and one spot at top center of forehead. Use burnt umber to outline each spot. For eyes, paint two dots, evenly spaced, on each side of nose with black; paint a highlight dot in each eye with white. Use black to paint whisker dots on each side of nose; let dry.

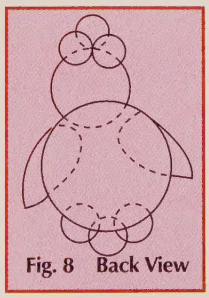

Fig. 8 Back View

Chicken

(See Fig. 8.) For body, glue large circle to medium circle head so that head and body overlap 3/8". For comb, glue two small circles side by side at top of head. Turn chicken right side up. Glue small circle to top front of head, overlapping head and comb. With rounded ends at bottom of head, glue one teardrop wing to each side of body so that wings point slightly outward. With point down, glue teardrop beak to center of head. For feet, glue two small circles to bottom edge of body so that circles are 1/4" apart; glue small circle centered between and on top of first two circles.

Paint head, body, and wings with gold. Paint beak with yellow. Paint feet with white. Paint comb with red. Paint eyes above beak in the same way as the dog. Let dry.

ABOUT THE AUTHOR

Cheri's love of art began during her high school years as she excelled in all of her arts and crafts classes.

Shortly after high school, she married and today has four children. Throughout her child rearing years she has continued to do what she loves most – painting and sewing.

In 1988 she decided to make a business out of her hobby and Calico Station, a quilt and tole painting store, was opened. In what seemed to be an overnight success, she revolutionized the industry with her primitive designs and within the year she began publishing her work.

For the next three years she continued to be blessed with success and her store tripled in size. Calico Station Distribution, a distribution center for her published work, was opened and today her books, patterns, and kits are available through her distribution center as well as through retail stores nationwide.

GENERAL INSTRUCTIONS

GATHERING SUPPLIES

Following is a list of general supplies that will be needed to make the projects in this publication. Other supplies, such as craft glue for gluing steps and fabric stiffener for making ornaments, may be needed for individual projects. In those instances, the additional supplies will be listed under the project's list of materials.

- Sewing machine
- Coordinating fabrics
- Pattern
- Pencil
- Fusible web
- Iron and ironing board
- Coordinating fabric scraps
- Fabric scissors
- Fade-away pen
- Fine-point permanent marker
- Cotton batting
- Needles
- Embroidery floss, coordinating color(s)
- Backing fabrics
- Pearl cotton
- Mismatched buttons

HOW TO: STEP ONE

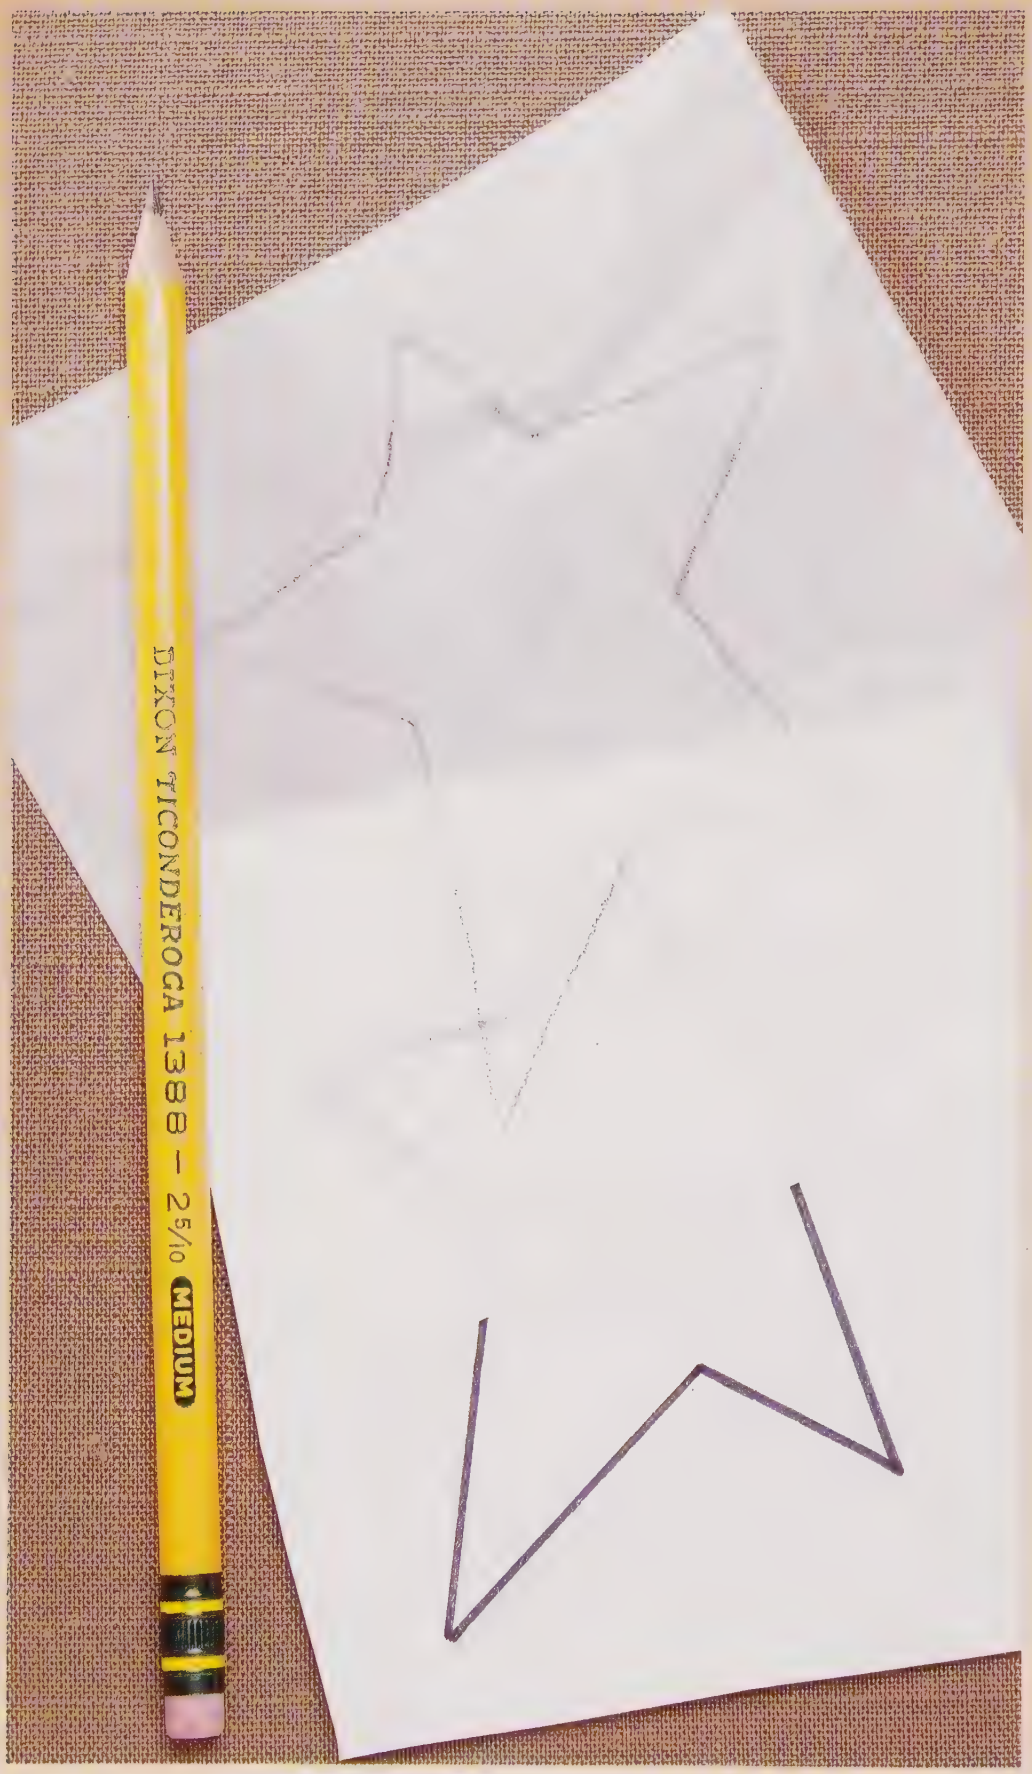
Cotton fabrics have been used for the projects in this publication because they launder nicely, but when it comes to choosing fabrics, as long as types of fabrics are not mixed – anything goes!

Once all the coordinating fabrics have been cut into appropriate sized blocks, as designated in the list of materials for each project (height x width), they will be ready to be sewn together.

Using a 1/4" seam allowance, machine-stitch fabric blocks together as shown in corresponding diagrams and/or photographs.

When piecing fabric blocks together to make quilt, pillow, or ornament fronts, first machine-stitch fabric blocks together in horizontal rows and press seams. Then stitch all horizontal rows together and press seams again.

Set pieced quilt, pillow, or ornament front aside.



HOW TO: STEP TWO

First, determine which direction the motif(s) should face. Any of the patterns in this publication can be "flipped" so they face the opposite direction. When using letters, they must be traced in reverse so they read correctly once they have been fused.

Lay the fusible web on top of the pattern(s) and trace the outer lines with a pencil.

If preferred, photocopy the pattern page(s), cut out the pattern(s), lay them on the fusible web, and trace.

Use a fade-away pen to transfer stitching lines for designs or letters onto fabric blocks. However, be careful when transferring onto tea-dyed muslin, the fade-away pen doesn't always disappear completely.

If desired, do the lettering freehand to add personalization.

HOW TO: STEP THREE

Once the patterns have been transferred onto the fusible web, it is time to apply the fusible web onto fabric scraps that have been chosen for the motif(s).

Iron the fusible web onto the "back sides" of fabric scraps following manufacturer's instructions. Be certain the entire area of all patterns is fused.

Once fused, cut out designs, using fabric scissors, so edges are clean.

HOW TO: STEP FOUR

Using the designs that have been cut from fabric scraps, it is time to adhere them onto the quilt, pillow, or ornament front.

Remove the backing from the fusible web and iron the designs, following manufacturer's instructions, in position as shown in the corresponding photographs.

HOW TO: STEP FIVE

This step will provide the project with its "quilted" element.

Begin by placing the embellished quilt, pillow, or ornament front on top of the cotton batting.

Each of the designs, as specified in the individual projects, will be outlined with decorative stitches. See Glossary of Decorative Stitches on page 22.

Stitch by hand or with a buttonhole stitch on a sewing machine. In either case, be certain all stitching is done through both layers: the embellished front and the cotton batting.

Assembly instructions for each project specify two or three strands of embroidery floss for outlining the designs.

If preferred, use a single strand of quilting thread.

HOW TO: STEP SIX

To finish the quilt, pillow, or ornament, the backing fabric must be machine-stitched to the quilted front.

With right sides together, machine-stitch around outside edges using a 1/4" seam allowance.

Be certain to leave an opening for turning. It does not matter where the opening is; its random placement will add to the look of the finished piece.

It is not necessary to trim seams or clip corners.

HOW TO: STEP SEVEN

Once the quilt, pillow, or ornament has been finished with a backing fabric, turn it right side out.

If the open area is too small to place a hand into, use a ruler or the eraser-end of a pencil to shape all corners.

If making a pillow, stuff it to its desired fullness with polyester stuffing.

Whip-stitch with two strands of embroidery floss to close the opening.

If preferred, use a single strand of quilting thread.

HOW TO: STEP EIGHT

Some of the projects in this publication use hand- or machine-quilting as the final step.

This quilting step will add to the look of the piece and give the overall appearance of a unique, handmade quilt, pillow, or ornament. However, this step can sometimes be time consuming and may result in the project taking longer than two hours to complete. Therefore, it is offered only as an option and can be added to or deleted from any of the projects in this publication.

For the beginner, use a fade-away pen to draw the design(s) onto the finished quilt, pillow, or ornament front so that stitching is easier. For the experienced, stitch freehand, adding to the individuality of the finished piece.

HOW TO: STEP NINE

Buttons can be the finishing touch to any quilt, pillow, or ornament and can be added to or deleted from any of the projects in this publication.

Using a needle with a large eye and pearl cotton, stitch the button(s) onto the project, generally going through all layers. Tie a knot in the pearl cotton to secure the button(s) and trim the ends.

Buttons make great "eyes" for motifs such as cats and snowmen, but stitched eyes can be used in place of buttons or, if desired, omit eyes.

If preferred, use matching buttons, but mismatched buttons give a unique, one-of-a-kind look to your "masterpiece!"

PIECING FABRIC BLOCKS, BORDERS & BACKS

PIECING FABRICS

The projects in this publication were created with the idea that they could be completed within two hours. Of course, that time is actual assembly time, and does not include time spent shopping for materials.

Each quilter may determine how much piecing to do on each project. If time is not a factor, those with more experience may choose to enhance their projects with fabric blocks made up from smaller fabric blocks, pieced fabric borders, and/or pieced backs!

ADDITIONAL PROJECT DESIGNS

CONVERTING ARTWORK

Each of the projects in this publication has additional artwork featured on the page where the assembly instructions are found. This artwork has been included for use in generating new ideas. For example: when considering the project entitled "Noel Pillow," perhaps the artwork of the word "Peace" is preferred. Simply use the artwork to convert the design. Or better yet . . . make both!

TEA DYEING

HOW TO MIX TEA DYE & APPLY IT TO FABRICS

Place one jar instant tea and approximately six tablespoons instant coffee into a stew kettle filled with water.

Heat over medium temperature until mixture is hot, but not boiling.

Immerse fabric in tea dye to soak for at least 30 minutes. When the fabric has been dyed to the desired color, remove it from the kettle of tea dye and wring out. When possible, hang the fabric outside to air dry – this will make the dye darker.

When applying tea dye to fabrics, do not put light-colored fabrics and dark-colored fabrics together.

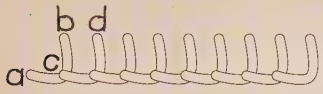
All types of fabrics can be tea-dyed, but muslin is most commonly used.

If it is desired to tea-dye a project once it has been completed, place the tea dye mixture into a spray bottle, spray the project, and let it air dry.

GLOSSARY OF DECORATIVE STITCHES

BLANKET STITCH

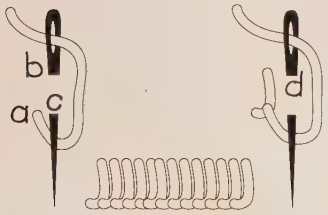
Bring needle up at "a"; go down at "b". Bring needle up again at "c" keeping thread under needle. Go down at "d" and repeat. Make all stitches equal in size and shape.



BUTTONHOLE STITCH

Bring needle up at "a"; go down at "b". Bring needle up again at "c" keeping thread under needle. Go down at "d" and repeat. Make all stitches equal in size and shape.

This stitch is similar to the blanket stitch, but the stitches are placed closer together.

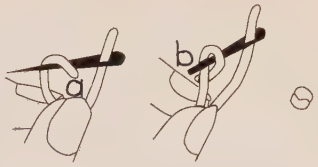


CROSS STITCH

Bring needle up at "a"; go down at "b" forming a diagonal straight stitch to any desired length. Cross the stitch with an equal-sized diagonal straight stitch coming up at "c" and going down at "d".

FRENCH KNOTS

Bring needle up at "a". Smoothly wrap floss around needle once or twice. Hold floss securely off to one side and push needle down at "b".

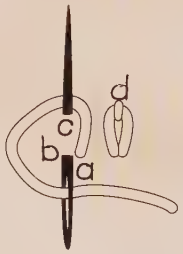


HERRINGBONE STITCH

Working from right to left, bring needle up at "a"; go down at "b". Bring needle up again at "c" making a small horizontal backstitch in back of fabric. Go down at "d" and repeat, alternating from side to side.

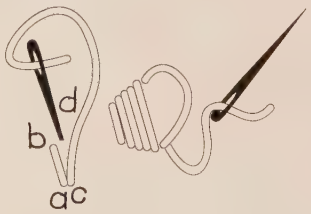
LAZY DAISY STITCH

Bring needle up at "a" and form a loop. Go down at "b" as close to "a" as possible, but not into "a". Come up at "c" and bring tip of needle over thread. Go down at "d" making a small anchor stitch.



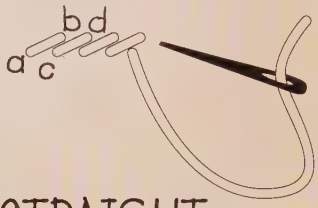
SATIN STITCH

Bring needle up at "a"; go down at "b" forming a straight stitch to any desired length. Bring needle up again at "c" and go down again at "d" forming another smooth straight stitch that slightly overlaps the first straight stitch. Repeat until design area has been filled.



STEM STITCH

Working from left to right, bring needle up at "a"; go down at "b" forming a slightly slanting straight stitch to any desired length. Bring needle up again at "c" which is at the midpoint of the previous stitch. Go down at "d" and repeat. Make all stitches equal in size.



STRAIGHT STITCH

Bring needle up at "a"; go down at "b" forming a straight stitch to any desired length. Bring needle up again at "c". Go down at "d" and repeat. Make all stitches equal in size.

This stitch can also be called the running stitch and/or the back stitch. However, back stitches generally touch.

Assembly:

1. Before beginning, carefully read General Instructions on pages 10-22.

2. Machine-stitch 4 1/2" square fabric blocks together, as shown in diagram, to make quilt front.

3. Trace seven stars from page 104 onto fusible web.

4. Apply fusible web with traced patterns onto back sides of fabric scraps and cut out designs.

5. Remove backing from fusible web and adhere designs onto quilt front as shown in photograph on page 24.

6. Place embellished quilt front on top of cotton batting. Using two strands of embroidery floss, outline designs, stitching through both layers. Use decorative stitches as desired.

7. Leaving an opening for turning, finish quilt by machine-stitching backing fabric to quilt front with right sides together. Turn right side out.

8. Using two strands of embroidery floss, whip-stitch opening closed.

9. Using pearl cotton, attach buttons at center of stars, stitching through all layers.

10. Quilt through 4 1/2" fabric blocks without fused stars, by machine or by hand, through all layers.

Tea-dyed muslin, 7" x 7"
Coordinating fabric strip, 1" x 29"
Mismatched buttons (3)
Fine-point permanent marker
Craft glue
Acrylic paint, red
Cosmetic sponge

Assembly:

1. Before beginning, carefully read General Instructions on pages 10-22.

2. Trace angel's head and wings, trumpet, one large star, two medium stars, and four hearts from page 105 onto fusible web.

3. Apply fusible web with traced patterns onto back sides of fabric scraps and cut out designs. Apply fusible web onto back sides of tea-dyed muslin and fabric strip.

4. Remove backing from fusible web and adhere tea-dyed muslin onto top of papier-mâché box lid. Adhere fabric strip around all outside edges of box lid.

5. Next, adhere designs onto box lid and sides as shown in photograph on page 28.

6. Transfer the word "joy" from page 105 onto box lid.

7. Using a fine-point permanent marker, outline tea-dyed muslin and designs with hand-drawn stitches. Draw hair on angel and trace over transferred word "joy."

8. Using craft glue, adhere buttons to box lid as shown in photograph.

9. Using red acrylic paint and a cosmetic sponge, lightly add "blush" to angel's cheeks.
